Our Mission

As the only statewide professional association for veterinarians in Washington, the WSVMA leads veterinarians in elevating animal health and enhancing veterinary practice.

With a detailed emphasis on every aspect of veterinary medicine – from political and public advocacy, to cutting edge education, and to connections with key influencers like you – the WSVMA brand is relevant, authentic and meaningful by engaging veterinarians with the tools and resources they need to provide the best in veterinary care for animals while enjoying professional success in practice.

Veterinarians have a passion – to care for animals and their people – and the WSVMA's passion is to inspire them through engagement and most of all, through leadership.
